"Over 60 years of Quality, Performance and Reliability"

May, 2014

To Whom it Concerns:

I wanted to write a letter of recommendation for Bryan Symsack. I have known Brian for 25 years. During that time I have bid and worked together on many projects with Brian. I have known him to be honest, fair and thorough. Sometimes almost too thorough in the detail that he requests in a bid. He says he is just trying to "cover all of the bases!".

I would highly recommend Brian. He is capable with his bidding practices and with his field knowledge of sequencing and getting the job done on time. I know of very few people who put in the hours that he does to get things right.

Yours truly,
